- (b) If a property owner fails or refuses to compensate for building, rebuilding, or repairing the property owner's portion of a partition fence, another property owner who is interested in the fence, after having built, rebuilt, or repaired the property owner's portion of the fence, shall give to the defaulting property owner or the defaulting property owner's agent or tenant twenty (20) days notice to build, rebuild, or repair the defaulting property owner's portion of the fence. If the defaulting property owner or the defaulting property owner's agent or tenant fails to build, rebuild, or repair the fence within twenty (20) days, the complaining property owner shall notify the township trustee of the township or (after December 31, 2012) the county executive in which the properties are located of the default.

The trustee or (after December 31, 2012) the county executive may use only the materials for the fences that are most commonly used by the farmers of the community.

 - (2) A straight rail fence four and one-half (4 1/2) feet high.
 - (3) A worm rail fence five (5) feet high.

2.2.

- (g) This subsection applies if a ditch or creek crosses the division line between two (2) property owners, causing additional expense in the maintenance of the part over the stream. If the property owners cannot agree upon the proportionate share of each property owner, the township trustee or (after December 31, 2012) the county executive shall appoint three (3) disinterested citizens who shall apportion the partition fence to be built by each property owner.

The partition fences shall be built and maintained under this chapter as near to the boundary line as is practical, and each property owner shall build a separate partition fence on the property owner's property and maintain the fence at the property owner's cost.
- (j) This subsection applies where a partition fence required under this chapter crosses a ditch or creek and it is impracticable to construct or maintain that portion of the fence that crosses the ditch or creek as a stationary fence. Instead of the portion of the fence that would cross the ditch or creek, there shall be constructed, as a part of the partition fence, floodgates or other similar structures that are sufficiently high, tight, and strong to turn hogs, sheep, cattle, mules, and horses or other domestic animals. The floodgates or other similar structures shall be constructed to swing up in times of high water and to connect continuously with the partition fences.
- (k) This subsection applies if the building and maintenance of the floodgates or other similar structure required under subsection (j) causes additional expenses and the property owners cannot agree upon the character of floodgates or other similar structure, or upon the proportionate share of the cost to be borne by each property owner. The:

who shall determine the kind of structure and apportion the cost of the floodgate or other structure between the property owners, taking into consideration the parts of the fence being maintained by each property owner.

- (1) The determination of a majority of the arbitrators of any matter or matters submitted to them under this section is final and binding on each property owner. The compensation of the arbitrators is two dollars (\$2) each, which shall be paid by the property owners in the proportion each property owner is ordered to bear the expense of a gate or structure.
- (m) This subsection applies if either or both of the property owners fail to construct or compensate for constructing the structure determined upon by the arbitrators in the proportion determined within thirty (30) days after the determination. The township trustee or (after December 31, 2012) the county executive shall proceed at once to construct the gate or structure and collect the cost of the gate or structure, including the compensation of the arbitrators, from the defaulting property owner in the same manner as is provided for ordinary partition fences. The floodgate or other structure shall be repaired, rebuilt, or replaced according to the determination of the arbitrators.

In addition, the local unit may provide the member's allowances for any other fringe benefits to which the member was entitled before being suspended or placed on administrative leave.

- (c) Before a member of a police or fire department may be suspended in excess of five (5) days without pay, demoted, or dismissed, the safety board shall offer the member an opportunity for a hearing. If a member desires a hearing, the member must request the hearing not more than five (5) days after the notice of the suspension, demotion, or dismissal. Written notice shall be given either by service upon the member in person or by a copy left at the member's last and usual place of residence at least fourteen (14) days before the date set for the hearing. The hearing conducted under this subsection shall be held not more than thirty (30) days after the hearing is requested by the member, unless a later date is mutually agreed upon by the parties. The notice must state:
 - (1) the time and place of the hearing;
- (2) the charges against the member;
- 46 (3) the specific conduct that comprises the charges;
- 47 (4) that the member is entitled to be represented by counsel;

- (5) that the member is entitled to call and cross-examine witnesses;
- (6) that the member is entitled to require the production of evidence; and
- (7) that the member is entitled to have subpoenas issued, served, and executed in the county where the unit is located.

If the corporation counsel or city attorney is a member of the safety board of a city, the counsel or attorney may not participate as a safety board member in a disciplinary hearing concerning a member of either department. The safety board shall determine if a member of the police or fire department who is suspended in excess of five (5) days shall continue to receive the member's salary during the suspension.

- (d) Upon an investigation into the conduct of a member of the police or fire department, or upon the trial of a charge preferred against a member of either department, the safety board may compel the attendance of witnesses, examine them under oath, and require the production of books, papers, and other evidence at a meeting of the board. For this purpose, the board may issue subpoenas and have them served and executed in any part of the county where the unit is located. If a witness refuses to testify or to produce books or papers in the witness's possession or under the witness's control, IC 36-4-6-21 controls to the extent applicable. The proper court may compel compliance with the order by attachment, commitment, or other punishment.
- (e) The reasons for the suspension, demotion, or dismissal of a member of the police or fire department shall be entered as specific findings of fact upon the records of the safety board. A member who is suspended for a period exceeding five (5) days, demoted, or dismissed may appeal the decision to the circuit or superior court of the county in which the unit is located. However, a member may not appeal any other decision.
- (f) An appeal under subsection (e) must be taken by filing in court, within thirty (30) days after the date the decision is rendered, a verified complaint stating in concise manner the general nature of the charges against the member, the decision of the safety board, and a demand for the relief asserted by the member. A bond must also be filed that guarantees the appeal will be prosecuted to a final determination and that the plaintiff will pay all costs adjudged against the plaintiff. The bond must be approved as bonds for costs are approved in other cases. The unit must be named as the sole defendant, and the plaintiff shall have a summons issued as in other cases against the unit. Neither the safety board nor the members of it may be made parties defendant to the complaint, but all are bound by service upon the unit and the judgment rendered by the court.
- (g) In an appeal under subsection (e), no pleading is required by the unit to the complaint, but the allegations are considered denied. The unit may file a motion to dismiss the appeal for failure to perfect it

within the time and in the manner required by this section. If more than one (1) person was included in the same charges and in the same decision of dismissal by the safety board, then one (1) or more of the persons may join as plaintiffs in the same complaint, but only the persons that appeal from the decision are affected by it. The decision of the safety board is final and conclusive upon all persons not appealing. The decision appealed from is not stayed or affected pending the final determination of the appeal, but remains in effect unless modified or reversed by the final judgment of the court.

- (h) A decision of the safety board is considered prima facie correct, and the burden of proof is on the party appealing. All appeals shall be tried by the court. The appeal shall be heard de novo only upon any new issues related to the charges upon which the decision of the safety board was made. The charges are considered to be denied by the accused person. Within ten (10) days after the service of summons, the safety board shall file in court a complete transcript of all papers, entries, and other parts of the record relating to the particular case. Inspection of these documents by the person affected, or by the person's agent, must be permitted by the safety board before the appeal is filed, if requested. Each party may produce evidence relevant to the issues that it desires, and the court shall review the record and decision of the safety board upon appeal.
- (i) The court shall make specific findings and state the conclusions of law upon which its decision is made. If the court finds that the decision of the safety board appealed from should in all things be affirmed, its judgment should state that, and judgment for costs shall be rendered against the party appealing. If the court finds that the decision of the safety board appealed from should not be affirmed in all things, then the court shall make a general finding, setting out sufficient facts to show the nature of the proceeding and the court's decision on it. The court shall either:
 - (1) reverse the decision of the safety board; or
 - (2) order the decision of the safety board to be modified.
- (j) The final judgment of the court may be appealed by either party. Upon the final disposition of the appeal by the courts, the clerk shall certify and file a copy of the final judgment of the court to the safety board, which shall conform its decisions and records to the order and judgment of the court. If the decision is reversed or modified, then the safety board shall pay to the party entitled to it any salary or wages withheld from the party pending the appeal and to which the party is entitled under the judgment of the court.
- (k) Either party shall be allowed a change of venue from the court or a change of judge in the same manner as such changes are allowed in civil cases. The Indiana Rules of Trial Procedure govern in all matters of procedure upon the appeal that are not otherwise provided for by this section.
 - (l) An appeal takes precedence over other pending litigation and

shall be tried and determined by the court as soon as practical.

(m) Except as provided in IC 36-5-2-13, the executive may reduce in grade any member of the police or fire department who holds an upper level policy making position. The reduction in grade may be made without adhering to the requirements of subsections (b) through (l). However, a member may not be reduced in grade to a rank below that which the member held before the member's appointment to the upper level policy making position.

(n) If the member is subject to criminal charges, the board may place the member on administrative leave until the disposition of the criminal charges in the trial court. Any other action by the board is stayed until the disposition of the criminal charges in the trial court. An administrative leave under this subsection may be with or without pay, as determined by the board. If the member is placed on leave without pay, the board, in its discretion, may award back pay if the member is exonerated in the criminal matter.

SECTION 73. IC 36-8-3-4.1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2009]: Sec. 4.1. (a) This section also applies to all towns and townships that have full-time, paid police or fire departments and, after December 31, 2012, counties that have full-time, paid fire departments. For purposes of this section, the appropriate appointing authority of a town, or township, or county is considered the safety board of a the town, or township, or county. In a town with a board of metropolitan police commissioners, that board is considered the safety board of the town.

(b) In addition to the disciplinary powers of the safety board, the chief of the department may, without a hearing, reprimand or suspend without pay a member, including a police radio or signal alarm operator or a fire alarm operator, for a maximum of five (5) working days. For the purposes of this section, eight (8) hours of paid time constitutes one (1) working day. If a chief reprimands a member in writing or suspends a member, the chief shall, within forty-eight (48) hours, notify the board in writing of the action and the reasons for the action. A member who is reprimanded in writing or suspended under this section may, within forty-eight (48) hours after receiving notice of the reprimand or suspension, request in writing that the board review the reprimand or suspension and either uphold or reverse the chief's decision. At its discretion, the board may hold a hearing during this review. If the board holds a hearing, written notice must be given either by service upon the member in person or by a copy left at the member's last and usual place of residence at least fourteen (14) days before the date set for the hearing. The notice must contain the information listed under section 4(c) of this chapter. If the decision is reversed, the member who was suspended is entitled to any wages withheld as a result of the suspension.

SECTION 74. IC 36-8-3-12 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2009]: Sec. 12. Members of the

safety board and members of any township, town, or city (including a consolidated city) police department, fire department (including, after **December 31, 2012, a county fire department),** or volunteer fire department (as defined by IC 36-8-12-2) may:

2.2.

- (1) be candidates for elective office and serve in that office if elected;
- (2) be appointed to any office and serve in that office if appointed;
- (3) as long as they are not in uniform and not on duty, solicit votes and campaign funds and challenge voters for the office for which they are candidates.

SECTION 75. IC 36-8-3.5-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2009]: Sec. 1. (a) This chapter applies to each municipality or township that has a full-time paid police or fire department and, after December 31, 2012, to each county that has a full-time, paid fire department. A municipality may exercise the power of establishing a merit system for its police or fire department under this chapter or by ordinance adopted under IC 36-1-4-14. A county may exercise the power of establishing a merit system for the county's fire department under this chapter or by ordinance adopted under IC 36-1-4-14. A township may exercise the power of establishing a merit system for its fire department under this chapter or by resolution under IC 36-1-4-14. This chapter does not affect merit systems established:

- (1) by ordinance under IC 36-1-4-14, except as provided by subsection (e);
- (2) by resolution under IC 36-1-4-14, except as provided by subsection (f); or
- (3) by a prior statute, except as provided by subsection (b).
- (b) If a city had a merit system for its police or fire department under the former IC 18-4-12, IC 19-1-7, IC 19-1-14, IC 19-1-14.2, IC 19-1-14.3, IC 19-1-14.5, IC 19-1-20, IC 19-1-21, IC 19-1-29, IC 19-1-29.5, IC 19-1-31, IC 19-1-31.5, or IC 19-1-37.5 (before their repeal), it may retain that system by ordinance of the city legislative body passed before January 1, 1983. The ordinance must initially incorporate all the provisions of the prior statute but may be amended by the legislative body after December 31, 1984. The ordinance retaining the system must be amended, if necessary, to include a provision under which the commission (or governing board of the merit system) has at least one-third (1/3) of its members elected by the active members of the department as prescribed by section 8 of this chapter. Each elected commission member must:
 - (1) be a person of good moral character; and
 - (2) except for a member of a fire department having a merit system established under IC 19-1-37.5 (before its repeal), not be an active member of a police or fire department or agency.
 - (c) After December 31, 1984, the legislative body also may repeal

the ordinance described in subsection (b), but the legislative body shall in the repealing ordinance concurrently establish a new merit system under section 3 of this chapter. (This subsection does not require the legislative body to establish a new merit system when it exercises its power to amend the ordinance under subsection (b).) After the new merit system takes effect, all members of the department are entitled to the same ranks and pay grades the members held under the prior system, subject to changes made in accordance with this chapter.

- (d) If a city had a merit system for its police or fire department under a prior statute but fails to retain that system under subsection (b), the city legislative body shall, before July 1, 1983, pass an ordinance to establish a new merit system under section 3 of this chapter. If the new merit system is approved as provided by section 4 of this chapter, it takes effect as provided by that section. However, if the new merit system is rejected under section 4 of this chapter, within thirty (30) days the city legislative body shall adopt an ordinance to retain the prior merit system. The prior merit system remains in effect until the new merit system takes effect, after which time all members of the department are entitled to the same ranks and pay grades the members held under the prior system, subject to changes made in accordance with this chapter.
- (e) An ordinance adopted under IC 36-1-4-14 to establish a police or fire merit system must include a provision under which the commission, or governing board of the merit system, has at least one-third (1/3) of its members elected by the active members of the department as prescribed by section 8 of this chapter. Each elected commission member must be a person of good moral character who is not an active member of a police or fire department or agency. If an ordinance was adopted under IC 36-1-4-14 before July 1, 1988, the ordinance must be amended to include this requirement.
- (f) This chapter does not prevent a township or other unit that has adopted a merit system under section 3 of this chapter from later amending or deleting any provisions of the merit system contained in this chapter. However, the merit system must include a provision under which the commission has at least one-third (1/3) of its members elected by the active members of the department, as set forth in section 8 of this chapter and a provision that incorporates the requirements of section 6(a) of this chapter. This subsection does not require the legislative body to establish a new merit system when it exercises its power to amend under this subsection.

1937 fund for its firefighters, "local board" after December

31, 2012, means the local board of the county.

(3) (4) For a consolidated city that established a 1953 fund for its police officers, the local board described in IC 36-8-7.5-2.

A firefighter who: 35 (1) is employed by a unit that is participating in the 1977 fund; (2) was employed as an emergency medical technician by a 36 political subdivision wholly or partially within the department's 37 jurisdiction; 38 39 (3) was a member of the public employees' retirement fund during 40 the employment described in subdivision (2); and 41 (4) ceased employment with the political subdivision and was 42 hired by the unit's fire department due to the reorganization of 43 emergency medical services within the department's jurisdiction; 44 shall participate in the 1977 fund. - (i) A police matron hired or rehired after April 30, 1977, and before July 1, 1996, who is a member of a police department in a second or third class city on March 31, 1996, is a member of the 1977 fund.
 - (j) A park ranger who:

Sec. 6. After a sufficient appropriation has been made and approved and is available for the purchase of firefighting apparatus and equipment, including housing, the county executive, with the approval of the county legislative body, may purchase firefighting apparatus and equipment for the county on an

The executive and legislative body shall appropriate and levy a tax each year sufficient to pay the obligation according to its terms. An obligation of the county executed under this chapter is a valid and binding obligation of the county, notwithstanding any tax limitation, debt limitation, bonding, borrowing, or other statute to the contrary.

The petition must state the taxpayers' objections and the reasons why the taxpayers believe the borrowing to be unnecessary or unwise.

(b) The county auditor shall immediately certify a copy of the petition, together with other data necessary to present the questions involved, to the department of local government finance. Upon receipt of the certified petition and other data, the department of local government finance shall fix a date, time, and place for the hearing of the matter. The hearing shall be held not less than five (5) and not more than thirty (30) days after the receipt of the certified documents.

- Sec. 9. (a) All purchases of firefighting apparatus and equipment shall be made in the manner provided by statute for the purchase of county supplies. If the amount involved is sufficient to require notice under statutes for bids in connection with the purchase of apparatus or equipment, the notice must offer all bidders the opportunity of proposing to sell the apparatus or equipment to the county upon a conditional sale or mortgage contract.
- (b) A bidder proposing to sell on a conditional sale or mortgage contract shall state in the bidder's bid the proposed interest rate and terms of the conditional sale or contract, to be considered by the county executive and legislative body in determining the best bid received.
- (c) All bids submitted must specify the cash price at which the bidder proposes to sell the apparatus or equipment to the county so that the executive and legislative body may determine whether it is in the best interest of the county to purchase the apparatus or equipment on the terms of a conditional sale or mortgage contract proposed by the bidder or to purchase the apparatus or equipment for cash if sufficient funds are available or can be raised by negotiating a loan with a financial institution in accordance with this section.
- Sec. 10. A county having a regularly organized fire department employing full-time firefighters may procure at the county's expense:
 - (1) an insurance policy for each member of the department insuring the member against the loss of life or dismemberment while in the performance of regularly assigned duties; and
 - (2) group insurance providing supplemental income protection for a member of the department who has been injured during the course of employment.

- (c) Expenditures required by subsection (a) shall be paid from the county firefighting fund established under section 3 of this chapter.
- (d) A county that has paid for the care of a firefighter under subsection (a) has a cause of action for reimbursement of the amount paid under subsection (a) against any third party against whom the firefighter has a cause of action for an injury sustained because of, or an illness caused by, the third party. The county's cause of action under this subsection is in addition to, and not in lieu of, the cause of action of the firefighter against the third party.
- Sec. 12. Notwithstanding section 3 of this chapter, a county fiscal body may after December 31, 2012, authorize the county executive to borrow a specified sum from a county fund other than the county firefighting fund if the county fiscal body finds that the emergency requiring the expenditure of money is related to paying the operating expenses of a county fire department or a volunteer fire department. The county fiscal body shall provide for payment of the debt by imposing a levy to the credit of the fund from which the amount was borrowed under this subsection.

 - (2) The county shall become a participating unit and shall assume the powers, duties, rights, responsibilities, and obligations previously held by the township that was a participating unit (including the township's share of any debt issued under this chapter).
 - (3) The department of local government finance shall make any necessary adjustments to the maximum permissible ad valorem property tax levy for the county firefighting fund to take into account the transfer of powers, duties, rights, responsibilities, and obligations under this subsection.

A fire protection territory subject to this subsection as of December 31, 2012, is terminated on January 1, 2013, and the county shall assume the responsibilities and obligations previously held by the townships that were participating units (including the townships' share of any debt issued under this chapter). The department of local government finance shall make any necessary adjustments to the maximum permissible ad valorem property tax levy for the county firefighting fund to take into account the transfer of responsibilities and obligations under this subsection.

SECTION 95. IC 36-8-19-5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2009]: Sec. 5. (a) A fire protection territory may not be established after June 30, 2009. Subject to subsections (b) and (c), the legislative bodies of at least two (2) contiguous units may establish a fire protection territory for any of the

- (2) Fire prevention, including identification and elimination of all potential and actual sources of fire hazard.
- (3) Other purposes or functions related to fire protection and fire prevention.
- (b) Not more than one (1) unit within the proposed territory may be designated as the provider unit for the territory.
- (c) The boundaries of a territory need not coincide with those of other political subdivisions.

SECTION 96. IC 36-8-19-8, AS AMENDED BY P.L.128-2008, SECTION 7, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2009]: Sec. 8. (a) Upon the adoption of identical ordinances or resolutions, or both, by the participating units under section 6 of this chapter, the designated provider unit must establish a fire protection territory fund from which all expenses of operating and maintaining the fire protection services within the territory, including repairs, fees, salaries, depreciation on all depreciable assets, rents, supplies, contingencies, and all other expenses lawfully incurred within the territory shall be paid. The purposes described in this subsection are the sole purposes of the fund, and money in the fund may not be used for any other expenses. Except as allowed in subsections (d) and (e) and section 8.5 of this chapter, the provider unit is not authorized to transfer money out of the fund at any time.

- (b) The fund consists of the following:
 - (1) All receipts from the tax imposed under this section.
 - (2) Any money transferred to the fund by the provider unit as authorized under subsection (d).
 - (3) Any receipts from a false alarm fee or service charge imposed by the participating units under IC 36-8-13-4 or, after December 31, 2012, IC 36-8-13.6-3.
 - (4) Any money transferred to the fund by a participating unit under section 8.6 of this chapter.
- (c) The provider unit, with the assistance of each of the other participating units, shall annually budget the necessary money to meet the expenses of operation and maintenance of the fire protection services within the territory, plus a reasonable operating balance, not to exceed twenty percent (20%) of the budgeted expenses. After estimating expenses and receipts of money, the provider unit shall establish the tax levy required to fund the estimated budget. The amount budgeted under this subsection shall be considered a part of each of the participating unit's budget.
- (d) If the amount levied in a particular year is insufficient to cover the costs incurred in providing fire protection services within the

MO051203/DI 87+

territory, the provider unit may transfer from available sources to the fire protection territory fund the money needed to cover those costs. In this case:

2.4

- (1) the levy in the following year shall be increased by the amount required to be transferred; and
- (2) the provider unit is entitled to transfer the amount described in subdivision (1) from the fund as reimbursement to the provider unit.
- (e) If the amount levied in a particular year exceeds the amount necessary to cover the costs incurred in providing fire protection services within the territory, the levy in the following year shall be reduced by the amount of surplus money that is not transferred to the equipment replacement fund established under section 8.5 of this chapter. The amount that may be transferred to the equipment replacement fund may not exceed five percent (5%) of the levy for that fund for that year. Each participating unit must agree to the amount to be transferred by adopting an ordinance (if the unit is a county or municipality) or a resolution (if the unit is a township) that specifies an identical amount to be transferred.
- (f) The tax under this section is not subject to the tax levy limitations imposed on civil taxing units under IC 6-1.1-18.5 for any unit that is a participating unit in a fire protection territory that was established before August 1, 2001.
- (g) This subsection applies to a participating unit in a fire protection territory established under IC 36-8-19 this chapter after July 31, 2001. For purposes of calculating a participating unit's maximum permissible ad valorem property tax levy for the three (3) calendar years in which the participating unit levies a tax to support the territory, the unit's maximum permissible ad valorem property tax levy for the preceding calendar year under IC 6-1.1-18.5-3(a) STEP ONE or IC 6-1.1-18.5-3(b) STEP ONE is increased each year by an amount equal to the difference between the:
 - (1) amount the unit will have to levy for the ensuing calendar year in order to fund the unit's share of the fire protection territory budget for the operating costs as provided in the ordinance or resolution making the unit a participating unit in the fire protection territory; and
 - (2) unit's levy for fire protection services for the calendar year that immediately precedes the ensuing calendar year in which the participating unit levies a tax to support the territory.

SECTION 97. IC 36-9-17.5-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2009]: Sec. 1. This chapter applies:
